January 27, 2008
Luke 6:20-38

It is not the DURATION of life but our DONATION to life that counts!

Giving has nothing to do with assets.
It has everything to do with attitude.

Truths About Givers:

1. Givers live on a higher level than most people. Vs. 27-30

What separates Givers from Takers?

1. Givers are positive activists in life
2. They do more than expected
3. They do good asking nothing in return

3 Levels of Giving:

Top – Grace – “What do I want God to do through me?”

Middle – Grit – “What does God want me to do?”

Bottom – Get Even – “What do I Want to do?”

2. Givers understand the principle of sowing and reaping vs. 31, 37-38

The principle of sowing and reaping is not...
 (“I give you something now and you give me something back.”)

The principle of sowing and reaping is ...

- 1) Understanding that God is the source
- 2) Doing good without seeing or seeking the reward

3. Givers are blessed by God vs. 38

What kind of blessings? (Malachai 3:7-12)

1. Spiritual blessings vs. 7
2. Material blessings vs. 10
3. Blessings of influence vs. 12

What is my responsibility?

1. Turn to Him
2. Trust Him
3. Test Him

My needs will never outweigh God’s resources!!!
